Skills

- **Frontend** : HTML5, CSS / Bootstrap, JavaScript / ES6, Vue 3 / Inertia.js.
- **Backend**: PHP/Laravel, REST API, Python (Basic), Machine Learning.
- **Database**: MySQL
- **DevOps**: Cloud Hosting (DigitalOcean, apache2, NGINX), cPanel Management

Tools Use

- **Write Code** : PHP Strome / VS Code / Sublime Text / PyCharm
- **Documentation** : Jira / Trello / Slack / Git Hub / Git Lab

Professional Experience

Senior Developer, Byte Care Limited

August 2024 – Present

- Lead a team of backend developers, managing the full software development lifecycle (SDLC) from planning to deployment.
- Streamline CI/CD pipelines, automating testing and deployment for faster releases.

Senior Developer, Ezze Technology Limited

February 2022 – August 2024

- Built scalable backend architectures, improving reliability and performance for high-traffic applications.
- Introduced CI/CD automation, reducing release cycles by 40%
- Debugged critical issues, enhancing app stability and user satisfaction.

Backend Developer, Bangla Puzzle Limited

March 2021 – January 2022

- Developed core modules for web/mobile apps, improving functionality and UX.
- Integrated third-party APIs to expand app capabilities
- Automated testing and deployment for faster, more reliable releases.

Junior Developer, redSoft

September 2020 – January 2021

- Developed and deployed scalable RESTful APIs (PHP/LARAVEL) with JWT authentication, enabling secure frontend-backend integration.

Education

B.Sc. Eng. In Computer Science & Engineering(CSE)

- North South University
- CGPA 2.23/4.00

H.S.C (Science)

- Govt Bangla College
- CGPA 3.60/5.00

S.S.C (Science)

- Lalmohan High School
- GPA 5.00/5.00

Languages

- **English** : Native
- **Bangla** : Fluently
- **Hindi** : Low

Personal Info

- **Birth Date** : 01-06-1997
- **Father Name** : Md Edris Mia
- **Mother Name** : Amena Begum
- **Religion** : Islam
- **Gander** : Male
- **Blood Group** : O+
- **Marital Status** : Married
- **Nationality** : Bangladeshi

Certificate

Live Project

Parliament of Bangladesh

<https://www.parliament.gov.bd/>

- Led the project from conception to deployment, including the development of high-security features and authentication systems.
- Worked extensively on third-party API integration, developed and maintained the system.

Smart Probashi

<https://smartprobashi.com/>

- Led the development of a fully role-based system with six distinct user panels, ensuring secure and efficient access control.
- Optimized codebase for better performance, leading to faster load times and improved user experience.

Job Hub Global

<https://jobshubglobal.com/>

- Allow users to register, create profiles, and upload resumes.
- Enable companies to register and create profiles after approval by the admin.

Shotayu (Medisquare)

<https://www.shotayu.com/>

- Contributed to API development, enabling efficient data exchange between the frontend and backend.
- Developed frontend logic using Vue.js, enhancing the application's interactivity and responsiveness.

Wings Sports Apparel

<https://wingssportsapparel.com/>

- Spearheaded the integration of frontend and backend systems, ensuring seamless operation across the entire platform.
- Integrated a payment gateway to facilitate secure online transactions and managed cookie policies to enhance user security and experience.
